## CYNTHIANA NEWS.

CYNTHIANA, AUGUST 26, 1869.

A. J. MOREY, EDITOR.

### Democratic, Right or wrong.

He seeks a world of parest bliss.

And leaves his works of love to this.

He feels a deep interest in the men-

tal and moral wealth of mankind,

especially of those of his own coun-

try, his own acquaintances, his own

friends, his own family; in the

depths of his soul he honors the

names of those who live and

illustrate every moral and social

virtue--whose intellectual achieve-

ments, in obedience to moral pur-

poses, distinguish them from mere

animals. He knows that his ances-

tors were as worthy as his descend-

ants will be; and that the names

and noble deeds of the fathers are

incorporated with all that is now or

shall hereafter be useful, honorable,

or glorious. He will not forget

"those who have gone on before."

I have been astonished and ashamed

to learn that some men who were

well acquainted with the Herd Book,

could give the pedigree and descrip-

tion of any noted horse, bull, ram,

or bear, and were full of agricultural

knowledge, knew very little of the

history of their ancestors, a few

not being able to tell the names of

their own grandfathers. That worthy

man, William Campbell, my cotem-

porary and early friend, when editor

of the "Cynthiana Visitor," made a

visit to a neighboring county, ac-

companied by his sister Mary, leav-

ing the editorial department of his

paper in my care during his absence.

On his return, I asked him "what

news?" when he made this impres-

sive and indelible remark: "It

seems to me that many of the peo-

ple of --- county are fast going

to hoo's and horns."

Shall we rescue from oblivion the

names, and worthy deeds, and ex-

alted virtues of many noble men

and women who once honored the

county of Harrison, but who are

now sleeping obscurely, and almost

quite forgotten? Who will write

for one of the Cynthiana papers a

short sketch of some friend's life, and

prove by such a work of love that

though dead that friend is not for-

gotten? Am I to be answered with

an ignorant sneer, "It won't pay."

I demand in the name of gratitude

that the present rising, as well as

the unborn generation, shall be in-

troduced to the names, virtues and

worth at such men as Leroy Cole,

William Ramey, John Moreland,

Josiah Whitaker, and others of the

pulpit; Samuel Endicott and others

of the schoolroom; Judge John

Trimble, Major William K. Wall,

Colonel William Brown, Major Jas

R. Curry, and others of the bar;

George W. Timberlake, Joel C.

Frazer, A. Adams, and others of

the medical profession; Col. Isaac

"A. J. MOREY, Editor."

Democratic, Right or Wrong.

## The Ohio Democracy

Have held a State convention recently, and nominated Geo. H. Pendleton as their candidate for Governor. The Democracy of that State are buoyant with hopes for the future. We are strongly convinced that the days of Radicalism are numbered, and that that party has elected its last President. If after all the great conflicts which the Democracy have had in that State, and been defeated, they can succeed this time, the Radical party may commence to dig its own grave, because the Democratic party will take the country into its keeping, as certain as the sitting of the sun succeeds the rising thereof.

The cry of the laboring masses will be heard from every quarter of the land—"Down with the bondholders," "Hurrah for repudiation."

Pendleton's policy is the poor man's policy, and they will go for him sure.

An article appears in the Carlisle Mercury, of last week, in which Mr. Richey complains very bitterly because the "Cynthiana News" should take such interest in bringing Mr. Richey to justice for the murder of Thos. Florence—and feels considerably astounded that the News favored the arrest and imprisonment of the father of the young outlaw. We wouldn't be astonished ourselves if he were to find a rope around his neck before he died—especially so if he don't change his policy and course. This old type was in Cynthiana last court day, for some purpose, and he told James Florence that a few days before his son McCauley was arrested that he went down to William Tom Collier's and borrowed his pistol—and his out-lawed son did snap the pistol at the people who arrested him. Hence, we said then, and we say now, that he should have been killed on the spot, and we don't consider that we are advocating mol-law either.

We did not propose to have him killed after he had surrendered, but did say that he should never have been permitted to surrender.

The suggestion that the prisoner should have been brought to the Cynthiana jail, was on account of the assertion of the prisoner that the Mt. Olivet jail could not hold him, and that he had friends in plenty in the country to take him out, and that when free again he proposed to kill three more men. Then he would be satisfied to die.

By the time Charles Duncan, the Commonwealth's attorney, is through with the evidence for the Commonwealth, the young outlaw will be convinced that he should and ought to die, (that is if justice is permitted to have her way), before he im-bues his hands in the blood of three more people.

The editor of the "Mercury" says that he knows nothing about this case. Let us advise him to inform himself, and be certain not to express an opinion with reference to such scum as this Richey tribe, until their characters are fully known.

The Richeys shall have justice done them; but they shall do no more murder in this country.

Some of the Cuban exiles are locating in Georgia. A few days since two Cuban gentlemen purchased a plantation of 800 acres from Mr. Charles J. Denham, of Columbia county, at a cost of \$10,000. This tract of land is situated about seventeen miles from Augusta, and is said to comprise some of the most fertile land to be found in Columbia.

The Paris Fair commences next Tuesday week. An extra train will leave this place every morning for the grounds at that place.

Fertilizes growth, Promotes growth.

The Maysville Republican publishes the report of the committee appointed on behalf of the Ohio and Southern railroad to confer with Hugh J. Jewett, the authorized agent of the Pennsylvania Central Railroad, which shows that the building of the road is fully settled upon. It will run from some point on the Pan Handle road to Maysville. The Pennsylvania Central has, for some time, had in contemplation the construction of such a road, and it is believed that it will now be done. It is expected that the communities through which the road passes will give the right of way, make the road bed, and build all the bridges except the one across the Ohio.

## The Human State Human Hair.

DROUTH IN THE EAST.—The drouth in Virginia is said to be very severe. In many quarters the farmers are cutting up their corn for fodder, having given up all hopes of its maturing. Similar complaints come from all parts of Maryland, as well as Eastern Pennsylvania.

## Fast Trotting at Buffalo.

BUFFALO, Aug. 12.—Fully 30,000 people were in attendance to-day, at the Buffalo Driving Park, to witness the trots.

The race horses that had never beaten two twenty-nine, which was unfinished yesterday, was resumed to-day, with eight horses entered, and was won by J. Demass' chestnut mare Idol. Time, 2:28 1/2, 2:32, 2:37, 2:47, 2:54, 2:57, 2:58.

The trot for the \$10,000 purse was won by Goldsmith Maid in three straight heats. She made the closest and best time ever made in three successive heats. Goldsmith Maid, American Girl and George Palmer started and kept nearly even to the quarter pole. On the home stretch they all lapped to within fifty feet of the stand, when the Maid shot ahead and won. The Maid broke at starting in the last heat and the last pole, keeping outside the entire round. The following is the summary:

Goldsmith Maid, 1 1 1; b. m. American Girl, 3 2 2; b. g. George Palmer, 2 3 3. Time, 2:19 1/2, 2:19 1/2, 2:19 1/2.

R. M. Lney was entered, but drawn. The fastest time ever made in three heats was Lady Thorne's 7:02.

Two heats were trotted in the race for horses that never beat 2:50 and were won by Henry in 2:32 and 2:29 1/2. The race will be concluded to-morrow.

Two heats were also trotted for the purse of \$500, and the race left open for to-morrow. One heat was taken by Voorhees in 2:23 1/2, and the other by Lampfinger in 2:22.

The rumor of the sale of Goldsmith Maid for \$30,000 to Senator Sprague is untrue. Her owner says no such money will buy her.

The rumor of the sale of Idol to three New York gentlemen is also unfounded.

## [For the Cynthiana News.] RAILROAD HYMN.

The way to heaven by Christ was made. Of heavenly thoughts, the rails was laid From earth to heaven this line extends To life eternal where it ends.

The Bible is its engineer. That points the way to heaven so clear, Through tunnels dark and dreary here, It doth the way to glory steer.

Come then, poor sinner, now is the time, At any station on this line, If you will repent and turn from sin, This train will stop and take you in.

The spirit-rail is true as steel. It drives the engine and the wheel; All you that would to glory ride, Must come to Christ, in him abide.

There is no danger on this way, 'Tis safe to ride by night or day; There is no fare required of you, For Christ has paid your passage through.

And when you reach that happy land, Then you shall stand at God's right hand; And on that peaceful happy shore, We will ride these earthly trains no more.

WOLF ISLAND.—Senator Garrett Davis, one of the attorneys for the State of Kentucky, in the suit pending between Kentucky and Missouri for the possession of Wolf Island, has been here several days taking depositions in the case. He expected to have to examine a large number of witnesses, but after examining three the evidence was found to be so complete and overwhelmingly conclusive in establishing the claims of Kentucky to jurisdiction, that he considered further testimony unnecessary. Not only the testimony of old river men, but the shape of the land, quality of the timber and other circumstances show conclusively that the island was originally a part of Kentucky, and we have no doubt that a decision of the Court will accordingly be rendered, giving Kentucky undisputed jurisdiction.—Columbus Dispatch.

In Spain the troops have had encounters with bands of Carlists in Castile and Valencia. In every case the Carlists were defeated and many have been captured, among them several priests. There are great fears of an important Carlist movement on the frontiers. In the town of Paterno, shouts were raised by the people of "Live the republic!" "Death to monarchy!" Further disturbances in Catalonia are feared.

Good Advice.—Let our possessions be what they may—marble palaces, broad lands, magnificent plate, or caskets of "precious stones"—they all sink in the balance against Heaven's great boon, HEALTH, and they cannot be enjoyed without it. And yet how little is it valued, and how carelessly preserved. The laws of nature cannot be violated with impunity. Night revelry, luxurious living, irregularity of meals, and a disordered appetite, will gradually destroy the power and activity of the stomach. How many ladies and gentlemen eat and drink disease at late suppers, and arise in the morning with headache, loss of appetite, feeling languid and unfreshed. There can be no medical remedy that will turn lead into fresh food, or poisoned drinks into nutriment, but medical science can assist nature, supply exhausted fluids, and to a great extent correct the effects of disease. In all cases such as the above, we recommend PLANTATION BITTERS. You will find them just the thing—at the same a most delicious tonic and appetizer.

MAGNOLIA WATER.—Superior to the best imported German Cologne and sold at half the price.

In a Missouri village they toll the town-bell at 3 o'clock each day, that the citizens may go to bed and have an "ague shake."

DOTY'S WASHING MACHINE,  
LATELY MUCH IMPROVED—AND THE NEW

## Universal Clothes Wringer.

Improved with Rowell's Patent Double Cog-wheel, and the Expressions are most unambiguously far superior to any apparatus for washing clothes ever invented, and will save their cost twice a year, by saving labor and clothes.

Those who have used them give testimony as follows:

"We like our machine much; could not be persuaded to do without it, and with the aid of Doty, we feel that we are masters of the situation."—Rev. L. Scott, Bishop M. E. Church.

"It is worth a dollar a week in any family."—N. Y. Tribune.

"In the laundry of my house there is a perpetual thanksgiving on Mondays for the invention."—Rev. Theodore L. Cuyler.

"Every week has given it a stronger hold upon the affections of the inmates of the family."—N. Y. Observer.

"I heartily commend it to economists of time, money, and contentment."—Rev. Dr. Bellows.

"Friend Doty—Your last improvement of your Washing Machine is a complete success. I assure you your Machine after a year's use, is thought more of to-day than ever, and would not be parted with under any circumstances."—Solon Robinson.

"Your Washing Machine has been in daily use in our laundry, and the housekeeper expresses herself as highly pleased with it. It certainly accomplishes a greater amount of work, with less labor, and does not wear the clothes near so much as the old fashion of washing by hand. By using it, one laundress is dispensed with."—Miss M. E. Bond, Superintendent of Infant Department of St. Catharine's Nursery, N. Y. City.

PRICES.—A Fair offer.

Send the retail price, Washer \$11, Extra Wringer \$24, and we will forward either or both machines, free of freight, to places where no one is selling; and so sure are we of our quality, that we agree to refund the money if any one wishes to return the machines free of freight, after a month's trial, according to directions.

No husband, father or brother should permit the drudgery of washing with the hands, fifty-two days in the year, when it can be done better, more expeditiously, with less labor and no injury to the garments, by a Doty Clothes Washer, and a Universal Wringer.

Canvassers with exclusive right of sale make money fast selling them.

Sold by dealers generally, to whom liberal discounts are made.

## FOUTZ'S CELEBRATED HORSE AND CATTLE POWDERS.

This preparation, long and favorably known, will thoroughly re-invigorate broken down and low-spirited horses, by strengthening and cleansing the stomach and intestines.

It is a sure preventive of all FEVER, GLANDERS, SLEW, WATER, DEBRAYS, COLIC, DISTEMPERS, FEVERS, ROUNDER, LOSS OF APPETITE, AND VITAL ENERGY, &c. It improves the wind, increases the appetite, and transforms the miserable skeleton into a fine looking and spirited horse.

To keepers of Cows this preparation is also valuable. It is a sure preventive against Rinderpest, Mellow Horn, &c. It has been proven by actual experience to increase the quantity of milk, and the milk will be sweeter and make the butter firm and sweet.

In fattening cattle, it gives them an appetite, improves their hide, and makes them thrive much faster.

In all diseases of Swine, such as Coughs, Cancers in the Lungs, Liver &c., this article used as a specific, by putting from one-half a paper to a paper on a barrel of swill the above disease will be eradicated or entirely prevented. If given in time, a certain preventive and cure for the Hog Cholera.

DAVID E. FOUTZ, Proprietor,

and father can't see you nearly as often, and can hardly look you in the face. Time has stolen, with the help of others, half a dozen of my fine brood mares, one of them a dark mouse bay, or brown, that foaled soon after taken. The next one he took I found. The third is a bay mare about 14 months high, with a large bald face and white legs, and can trot in three minutes, or either of these mares I will give a large reward.
